Pharmacy Announcement

Quantity Limits for Hepatitis C Treatment Agents

Effective June 8, 2015, the quantity limits in [Appendix D](#) of the Pharmacy Billing Manual that have been updated include agents used to treat Hepatitis C: Harvoni®, Olysio®, Sovaldi® and Viekira Pak®. The initial prescription for these four agents will be limited to a 14-day supply for the first fill. Subsequent claims will be allowed up to a 28-day supply.

Hepatitis C Agents			
Brand Name	Generic Name	Dosage Form	Limit
